

J. M. SULLIVAN IS IN JAIL

British Hold Bryan's "Deserving Democrat"—Arrested in Dublin

AMBASSADOR PAGE MAKES INQUIRIES

Prisoner Charged with Complicity in the Irish Revolt

London, May 5.—James M. Sullivan of New York, until a few months ago American minister to Santo Domingo, has been arrested at Dublin in connection with the rebellion.

American Ambassador Page yesterday made inquiries at the foreign office concerning Sullivan's arrest.

Sullivan has been brought to England. Mr. Page asked what charge had been preferred against him and what procedure will be taken.

James Mark Sullivan, former American minister to Santo Domingo, was born in Killarney, Ireland, Jan. 6, 1872, but came to this country when a child. He was educated at Yale and practiced law in

Connecticut, later coming to New York, where he practiced law from 1906 to 1913. Sullivan was named United States minister to Santo Domingo through the influence of Secretary of State Bryan on Aug. 12, 1913. Charges were made against him about 18 months ago, and an investigation was conducted in New York of his alleged friendliness for a firm of contractors and certain banking institutions on the island. Sullivan tendered his resignation to the state department.

T. R. WINS; McADOO ALSO RAN.

Reception Given Colonel at Trinidad Quite Eclipsed That Accorded Secretary.

Washington, May 5.—Col. Roosevelt's reception at Trinidad during his recent West Indian trip quite eclipsed that arranged for Sec. McAdoo, who came along a little later, so the British ambassador, Sir Cecil Spring-Rice personally paid a visit to Pres. Wilson yesterday and expressed regret that through a misunderstanding among local officials the secretary of the treasury had not been received with ceremony appropriate to his position.

British officials learned to their amazement that the governor of Trinidad had outdone himself to make a demonstration for Col. Roosevelt, but apparently was little impressed with the coming of Sec. McAdoo, who was returning from the meeting of the Pan-American high commission at Buenos Aires.

The ambassador's explanation closes the incident, if it was one.

M. E. CHURCH SPENT \$2,600.00 IN YEAR ON FOREIGN MISSIONS

Conditions Caused by War Require Added Contributions for Work in Other Countries, According to Report.

Saratoga, N. Y., May 5.—The Methodist Episcopal church expended for foreign missionary work last year a total of more than \$2,600,000, according to a report made yesterday by Dr. Earl S. Taylor, corresponding secretary of the board of foreign missions. Of this amount the foreign mission board spent \$1,700,573 and the women's societies \$931,000.

The report asserted that the conditions caused by the war require added contributions for missionary work in other countries.

"The average contributed last year by the women church members was less than a cent a week," said Dr. Taylor.

"If all the Methodist women would join the missionary society and pay weekly dues of two cents the total would reach over \$2,040,000."

"The per capita income of the board of foreign missions last year was so small that there is no piece of money in the United States small enough to permit its payment in weekly installments. One street car fare a week from each member of the church would accumulate a sum of \$10,000,000 annually for missionary work."

HAY CONFERS WITH WILSON

Chairman Sees the President on the Army Measure

REGARDING POINTS IN DISPUTE

This When the Federal Volunteer Plan Arises

Washington, D. C., May 5.—Chairman Hay of the House military affairs committee, one of the conferees now adjusting points in the army bill disputed between House and Senate, conferred early yesterday with President Wilson. Mr. Hay said that the conferees had reached a discussion of the volunteer army feature of the Senate bill and that the Senate conferees were pressing for its adoption, while the House conferees took the opposite stand. The president favors the Senate plan.

Reorganization and federalization of the National Guard as proposed by the House, whereby there would be created a militia reserve of approximately 400,000 men, was tentatively agreed to Wednesday by the conferees on the army bill. The Senate's provisions for the National Guard were along the same line as those in the House bill, but would provide for only 250,000 men.

The conference struck a deadlock temporarily, at least, when they reached the federal volunteer army reserve provision of the Senate bill, and after spirited debate the matter was passed over without action. This proposed force of 250,000 men, which was twice saved in the Senate by a close vote after it had been bitterly opposed by champions of the National Guard, probably will not be agreed upon by the conferees. It was emphatically asserted that the Senate conferees would not yield on the point, and predictions were made that the committee would have to report a disagreement on that feature and seek further instructions from the Senate and House.

TOWNSHEND THANKS ARMY THAT TRIED TO SAVE HIM

Adverse Elements and Imminent Starvation Alone Compelled Surrender, Says Kitchener.

London, May 5.—In the House of Lords yesterday Field Marshal Earl Kitchener, the secretary of war, warmly eulogized General Townshend and the defenders of Kut-el-Amara, and read General Townshend's last dispatch, which is as follows:

"We are pleased to know that we have done our duty and recognized that our situation is one of the fortunes of war. We thank you, General Goringe (commander of the British relief army) and all ranks of the Tigris force, for the great efforts you have made to save us." Imminent starvation compelled the surrender of Kut-el-Amara, added Lord Kitchener, and adverse elements alone denied success to the relief force.

100,000 OUT IN NEW YORK.

Garment Industry Almost Completely Paralyzed.

New York, May 5.—Approximately 100,000 persons employed in various trades in this city now are on strike, according to estimates made Wednesday night, and thousands more are threatening to quit work, unless their demands are met. With shipping virtually at a standstill, owing to the walkout of engineers and firemen employed on tugboats and lighters, and the garment industry almost completely paralyzed by a lockout and strike, employers generally declared that not in many years had labor conditions here been so chaotic. Officials of the various unions said there was comparatively no change in the situation. Although hundreds of pickets were employed during the day in the garment strike, little disorder was reported to the police. In fact it was said that seldom, if ever, have labor differences here, affecting so many workers, been so free of disturbances.

Considerable relief was expressed in shipping circles by the announcement that the larger companies probably would follow the lead of the International Merchant Marine in according to the demands for higher wages of the longshoremen, 50,000 of whom threatened to strike. The chief development of the day in respect to this class of labor was a strike of several hundred freight handlers in Jersey City. The great difficulty now confronting them, the employers asserted, however, was the tie-up of tugboats with approximately 100,000 tons of freight waiting to be moved.

HOW TO GET STRONG

A Simple Remedy.

Whatever the cause, we want to say to every person who needs strength, you need Vinol, our delicious cod liver and iron tonic without oil, as it is the most efficient strength creator we have in our store. Here is proof from Dorchester, Mass.:

"I don't know what we would do without Vinol in our family. I was weak, nervous and run-down as the result of an operation and Vinol restored my strength. Then grandmother had a nervous breakdown, and Vinol built her up and restored her health and strength after everything else had failed. We have used Vinol for 13 years in our family, and would not be without it in the house." Myrtle L. Healey, Dorchester, Mass.

We believe in Vinol because we know it is a great strength creator—due to the extractive medicinal elements of fresh cod livers, without oil, combined with peptonate of iron and beef peptonate, all dissolved in a pure medicinal wine, so we always return the purchase money if Vinol fails to benefit those who buy it.
